

Application For Collector Vehicle Status

General Information – Applying for Collector Vehicle Status

To qualify for Collector Vehicle Status:

1. **your vehicle must meet all eligibility criteria in this application, and**
2. **pages 1, 2 and 3 of this application must be completed and submitted.**

Complete the steps below by ticking the applicable boxes in each section of the Criteria to confirm your vehicle's eligibility.

In this application, “vehicle” means motor vehicle or motorcycle. ICBC reserves the right to apply additional eligibility criteria when determining a vehicle's Collector Vehicle Status in accordance with the Motor Vehicle Act Regulations. There is no fee for this application.

Eligibility Criteria

STEP 1 – Confirm Vehicle is Stock or has Approved Parts and Accessories

- My vehicle is stock, or
- My vehicle is not stock, but the parts and accessories on my vehicle are on the Approved Parts and Accessories List (see page 4).

Please list what non-stock items have been installed: _____

Note: Non-stock vehicles that have parts and accessories not listed on the Approved Parts and Accessories List on page 4 are **not eligible** for Collector Vehicle Status.

STEP 2 – Confirm Vehicle Age Requirement

My vehicle is at least:

- 25 years old – Vehicle Model Year
- 15 years old – Limited Production Vehicle (see definition below), or
- 15 years old – Discontinued Vehicle (see definition below).

Definitions:

Limited Production Vehicle is one of no more than 1,500 of that make and model (not edition) produced worldwide by the manufacturer for that model year.

You will need written proof from the manufacturer on its letterhead identifying the total number of vehicles produced **worldwide**. The letter must also indicate the make, model, and model year of your vehicle and quote the full vehicle identification number (VIN). If a letter outlining the worldwide production numbers for the vehicle cannot be obtained from the manufacturer, you will need to provide other proof that is acceptable to ICBC that clearly demonstrates the worldwide production numbers.

Discontinued Vehicle is one where the manufacturer that owns the “trademark” or “make” of that vehicle has ceased manufacturing vehicles of any kind for at least the last five years. You will need to provide proof that's acceptable to ICBC.

Note: Only vehicles manufactured by recognized manufacturers that are or have been engaged in the regular production of new vehicles are eligible for Collector Vehicle Status. Replicars, replikits, modified cab/chassis, kit cars, vehicles with an aftermarket body not manufactured by the original manufacturer, and motorhomes are not eligible.

STEP 3 – Confirm Vehicle Condition Requirements

- Vehicle exterior** – My vehicle has **no dents, paint blemishes, bubbling, chips, rust, or visible primer**, and my tires are similar to the size and appearance of the original tires. Body repairs to the vehicle are completed according to professional practices and standards. If there is a convertible top it is not damaged and in good working order.
- Engine compartment** – My engine is stock for the model and year of the vehicle. There are no performance enhancements. It is clean, and all permitted engine “dress-up” is era correct.
- Vehicle interior** – My vehicle's interior is in excellent original or restored condition with no tears, stains, or significant wear and tear and is neat and clean. If the vehicle is in original condition, minor neat repairs to the original upholstery are acceptable.
- Stickers and advertising** – My vehicle has no stickers or advertising of any kind. Exceptions are allowed to show affiliation with a collector vehicle club or for original dealer nameplates or decals that were dealer or factory installed.

STEP 4 – Confirm Vehicle Use Requirements and Declare General Transportation Vehicle

- My collector vehicle will be used solely for pleasure purposes and will not at any time be used for driving to or from or part way to or from work or school.
- I own or lease a non-collector vehicle or am the assigned operator of a company vehicle that is registered, licensed and insured in B.C. as my general transportation vehicle.

Note: If you do not meet the above, you may still display collector plates on your vehicle, but your collector vehicle must be rated for pleasure use only, and must not at any time be used for driving to or from, or part way to or from, work or school. Please contact Specialty Licensing Programs as provided at the top of this application for further information.

STEP 5 – Photograph Your Vehicle – Read This Section Carefully

***** POOR QUALITY PHOTOGRAPHS WILL RESULT IN YOUR APPLICATION BEING RETURNED WITHOUT REVIEW.*****

Please visit the collector vehicles webpage at icbc.com for examples of good quality photographs.

All photographs, including digital images, must be taken within 3 months of mailing your application and be:

- clear and detailed
- in colour
- high resolution and unaltered
- a minimum size of 4" x 6"
- printed on glossy paper

Note: You will be required to provide additional close up photographs if the photographs you submit do not provide clear detail of your vehicle's condition.

A. Motor Vehicle Photographs

Colour photographs of the following (minimum 11 photographs in total):

Exterior

- entire front view
- entire rear view
- entire right side (may require two or more photographs)
- entire left side (may require two or more photographs)
- trunk with lid open (or tailgate down)
- engine compartment
- if convertible model, convertible top up

Interior

- entire dashboard (including radio and steering area)
- all seats (non-factory seat covers removed)
- driver's side floor (loose floor mats removed)
- headliner

B. Motorcycle Photographs

Colour photographs of the following (4 photographs in total):

- entire right side
- entire left side
- front
- rear

STEP 6 – Confirm AirCare Requirements

Your vehicle may be required to have a passed AirCare inspection in order to be eligible for Collector Vehicle Status if it is licensed and insured in Greater Vancouver, Maple Ridge/Pitt Meadows, or the Fraser Valley. Where a passed inspection is required, ICBC will advise me on my vehicle's AirCare inspection requirements. Please note that the inspection must have occurred within one year of your application and must not be a conditional pass. Please tick off one of the following which applies to your vehicle:

- My vehicle's model year is 1935 or newer and requires a passed AirCare inspection, or
- My vehicle's model year is 1934 and older and does not require a passed AirCare inspection, or
- My vehicle is not licensed and insured in Greater Vancouver, Maple Ridge/Pitt Meadows, or the Fraser Valley and does not require a passed AirCare inspection.

Note: Motorcycles are not required to pass an AirCare inspection.

STEP 7 – Complete Your Personal Details and Broker Information

If your application is approved, a plate will be sent to the broker noted below. If we don't have all of this information, we won't know who to send your plate to. If the plate is not issued within 90 days, the broker will return the plate to ICBC.

BROKER NAME		BROKER ID NO.	CONTACT NAME		CONTACT E-MAIL ADDRESS		PHONE NUMBER
NAME(S) OF REGISTERED OWNER(S) (surname followed by given name)					RESIDENCE PHONE NUMBER	BUSINESS PHONE NUMBER	
					CELL PHONE NUMBER	E-MAIL ADDRESS	
ADDRESS OF REGISTERED OWNER(S)					LICENCE PLATE NUMBER OF GENERAL TRANSPORTATION VEHICLE		
CITY/TOWN						PROVINCE	POSTAL CODE
MOTOR VEHICLE TO WHICH COLLECTOR LICENCE PLATES WILL BE ATTACHED							
REGISTRATION NUMBER	MODEL YEAR	MAKE	MODEL	BODY STYLE	VEHICLE IDENTIFICATION (SERIAL) NUMBER		

STEP 8 – Complete Statement of Applicant

For Licensing Purposes:

I declare that:

1. I am a resident of British Columbia, and
2. the vehicle described above:
 - a) is in, and will remain in, a condition that makes it of significant value to a collector or exhibitor of motor vehicles by adhering to the requirements provided in step 3.
 - b) has been maintained or restored, and will remain in, a condition which conforms to the vehicle manufacturer's original specifications with the exception of upgrading of brakes, headlights and the installation of seatbelts, safety glass or other items satisfactory to ICBC.
 - c) i) is at least 25 years old
OR
ii) is at least 15 years old and
(A) is a "Limited Production Vehicle" (see definition in Step 2), or
(B) is a "Discontinued Vehicle" (see definition in Step 2).
 - d) when licensed as a collector vehicle, the vehicle will be used solely for pleasure purposes and will not at any time be used for driving to or from or part way to or from work or school.

For Insurance Purposes:

I declare that when the vehicle described above is licensed and insured as a collector vehicle at the reduced collector vehicle premiums:

- a) it will be used solely for pleasure purposes and not for driving to or from, or part way to or from, work or school, and,
- b) I own or lease another licensed non-collector motorcycle or other motor vehicle, or have a licensed non-collector motorcycle or other motor vehicle as a company assigned vehicle that is insured for general transportation purposes in one of the following rate classes 001, 002, 003, 004, 005, 007, 011, 012, 013, 014, 015, 017, 021, 022, 023, 024, 027, 310 to 314, or 320 to 324.

WARNING – INSURANCE COVERAGE AND CONTINUED ELIGIBILITY IN THE COLLECTOR VEHICLE PROGRAM

1. Insurance coverage may be forfeited if the vehicle described above:

- (a) is used contrary to the statements made above under "For Insurance Purposes",
- (b) has been modified beyond the safety modifications permitted above,
- (c) does not conform to the manufacturer's original specifications and has any aftermarket, non-factory options or accessories installed other than those permitted in the Approved Parts and Accessories List (page 4),
or
- (d) has not been maintained and is not in a condition that makes it of significant value to a collector or exhibitor of motor vehicles.

2. If these conditions are not met, I understand that the vehicle will not be eligible for collector vehicle status and the collector vehicle insurance rate class and that I must immediately contact an Autoplan broker to obtain appropriate licensing and insurance for my vehicle.

I acknowledge that if my vehicle is modified at a later date and does not continue to meet the condition standards as I have indicated above, or is used for more than pleasure purposes at any time after the initial application and approved as a Collector vehicle, my vehicle is no longer considered to be eligible for the Collector Program.

I acknowledge that if my vehicle is approved for Collector Vehicle Status, I must continue to maintain my vehicle in the same condition as the date of approval regardless of age at all times during the original and each subsequent licence/insurance policy term.

In signing this application, I declare that all the foregoing statements are true, and that I make these declarations with the intention that the Insurance Corporation of British Columbia will rely on the same.

--------------------	--

STATEMENT OF LIMITATION

The information on this application, pages 1–4, is current to the latest version of the *Insurance (Vehicle) Act* (and Regulations) and *Motor Vehicle Act* (and Regulations). If there is any conflict between the acts or regulations and the information on this application, the acts or regulations will govern.

ICBC may require an inspection for motor vehicles that have been altered by design changes other than those established by the manufacturer of the vehicle.
